Yao Xiao

Instructor:

Professor Buster Dunsmore

Project Coordinator:

Miguel Villarreal-Vasquez

Scrum Master

Our team leader, smart, sleepy, always hungry will lead our team to succeed. And always ask for help for homework

User story for this sprint

- I would like to get my current location in the building

Challenge

- Three of our team members have the hardest project for the first two weeks, so they may not have enough time to do it.
- It's the first time for most of us to develop a mobile application.
